7 OUR FUTURE
  7.1 2012 Business Plan Proposal
One of the best ways to educate our hearts is to look at our interaction with other people, because our relationships with others are fundamentally a reflection of our relationship with ourselves.

On behalf of the SHTMAA Committee, we are delighted to present the 2011 Annual Report which marks the fifth consecutive year for the creation of this important document. Our Committee and fellow alumni continue without any reservation to support SHTMAA and its development. New strategies and diversified events continue to be the core milestone direction for the Committee. We achieved an astonishing result of organizing a total 11 events in 2011. To name a few momentous events:

- Community Day
- Grand Tour to Mongolia
- Annual Dinner with participation of PolyU’s President
- Happy Hour in Hotel ICON

Among all the organized activities, it is particularly worth mentioning a very meaningful event – Community Day for Hong Chi Association, Food Angel and Tung Wah Group. This year, we merged two distinctly different target groups together into one event. More details will be shared in Section 6.1. This is the second time we organize corporate social responsibility events in our Association’s history. We are pleased to keep this as an ongoing tradition i.e. contributing back to the society.
Another inspiring news is our membership has reached a record number of 2,098. New initiatives have been introduced to expand Mainland China membership. Huge amount of work has been and will be done to increase the number of alumni.

SHTMAA was established in December 1993 with the objective to create an effective network to assist personal and career development of its members, while at the same time to promote the Hong Kong Polytechnic University in Hong Kong and abroad.

With all our expertise and experiences amongst our alumni, we strongly believe that the Association can assist the Hong Kong Polytechnic University in further developing its programmes by offering professional training courses in response to the demand within our industry.

In the forthcoming years, it is our entire committee members’ strong aspiration to continue servicing our alma mater and all our fellow alumni members with vision, innovation and determination.

Finally, I would like to take this opportunity to thank all my fellow committee members, especially our new comers, Betty, Dilys and Livia for their wholehearted commitment and dedication. There is no doubt that our teamwork and spirits will contain to lead us to existing new things and opportunities.

MEMBERSHIP UPDATE AND RECRUITMENT

Membership Update

Below graph is the summary of the number of membership since the commencement of the SHTMAA. By end of 2011, the membership number has jumped to historic high of 2,098 which is a significant increase of 27% in just one year.

To go hand-in-hand with SHTM’s strategy of expansion in China, in 2011 our committee continues to focus on the expansion of accepting Mainland China graduates as SHTMAA members. This year marks a new record of an encouraging result of attracting more than 104 new Mainland China graduates to join SHTMAA in Hong Kong. In other words, out of the total 451 new members joined in 2011, 23% of the newly joined member falls into the category of Mainland based members.

It is the committee’s pledge to continuing membership expansion in Mainland China. A professionally designed promotional leaflet targeting Mainland graduates were continuously distributed. This is to further enhance Mainland China membership number to increase.
Besides the membership of the SHTM graduates, the number of Associate Member has also increased to a total of 38 members in 2011.

**Member Gets Member Programme**

In the 2009 autumn, our association launched a new strategy of inviting our member to recommend their friends that graduated in SHTM to join SHTMAA. The programme is called “Member gets member programme”. Every year, there is a special prize for the member that gets the most number of new members. The programme was a great success. In 2011 the award goes to a member whom referred 10 more new members to join our association.

**Membership Benefits**

Continuously adding further benefits to our fellow alumni has always been our committee’s commitment. In 2011, many more attractive benefits have been included in our benefit lists. Besides rewarding our existing members, this new initiatives also serve as a powerful tool to attract new membership. Below five new benefits summarized the latest addition of extra new benefits negotiated in 2011:

1. Enjoy special discount at the **Hotel ICON** at the following outlets (Valid until 30 June 2012 except 1 October, 24-26 December, 31 December, 1 January and 24 January):

“Contributing back to SHTM and the society” forms one of the five pillars of the purposes of SHTMAA. Hence, contribution to corporate social responsibility became our committee’s tradition and a core theme in 2011 and will continue to be the core theme in the years ahead.

It is worth mentioning a great achievement in our association’s history – a community teamwork day in Hong Chi Association, Food Angel and Tung Wah Group - renowned non-profit organizations that provide many supports to the under-privilege citizens.
This year, we have combined 2 very distinct ideas into one community fun day. First our alumni and students of Hong Chi Association made cupcakes together in their integrated vocational center in Tai Po. Then we brought the freshly made cakes to the senior citizens in another center operated by Tung Wah Group in Sham Shui Po. By providing a caring day for our fellow senior citizens and Hong Chi students, they can be cheered up and have a fun with us via Karaoke and exciting games. This multi-cooperation and multi-discipline CSR model is a very new trial and was a big success.

“Full of joy and laughter…..”
